Digital Research Services

How can the DRS help?

We act as a focal point for all the data and computing services available to researchers at the UoE.

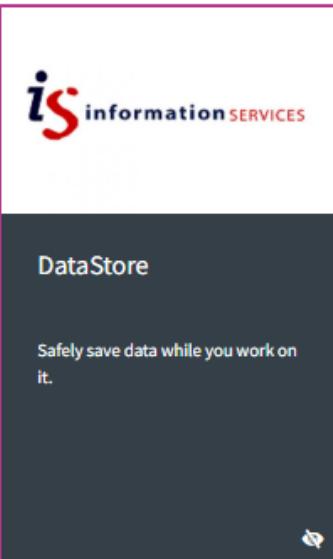

THE DRS CAN HELP RESEARCHERS WITH:

- RESEARCH PLANNING
- DATA STORAGE AND DATA SHARING
- COMPLY WITH BEST RESEARCH PRACTICES
- SPEED UP ANALYSIS
- MEETING FUNDER REQUIREMENTS
- PUBLISHING AND PROMOTING YOUR DATA AND WORK – OPEN RESEARCH

- Free 'at point of use' individual allocation of 500 GB for every researcher
- Group spaces
- Backed up to 3 different locations with offsite disaster recovery platform and offsite backup and retention
- Restricted to University of Edinburgh computers
- Support for very large data (>1 PB)
- Connection between DataStore personal allocation or group space with [DataSync](#)
- No Data encryption

is information SERVICES

Eddie

A high-performance Linux computing cluster to run analysis faster than a desktop computer.

Digital Research Services

A single point of access to all of the data and computing services available to researchers at the University of Edinburgh.

Working with you throughout the research life cycle

Use the interactive lifecycle to access resources relevant to each research stage.

the following task(s)

- Finding data
- Gathering data

Resource Finder

Our interactive resource finder helps identify the digital tool best suited for your research project.

THE UNIVERSITY of EDINBURGH
Digital Research Services

Welcome to our resource finder! Below are some key points for you to get the best use out of this tool.

+ More Info

- The Resource Finder summarises the available data and computing tools available to researchers at the University of Edinburgh.
- You can use either the colourful wheel or the dropdown table to navigate the lifecycle.
- You can answer as many or as few questions as you like and enter at a point in time.
- More and more resources should pop up as you go through the questions.
- If you like, you can hide resources using the eye icon. You can also change the visibility of resources by clicking the eye icon.
- If you wish to revisit or share your responses and associated resources, a unique URL will be generated.
- For a full catalogue of tools and support, please visit our [Resources](#) page.
- ER - External Resources

HPC IN FOCUS

10/10 - Online

INFORMATION SESSION

What does the University offer on HPC?

17/10 - Online

RESEARCH IN ACTION

How is HPC being used at UoE?

24/10 - In-person (Murchison House - Room 1.19)

HPC COMMUNITIES & NETWORKING

Relevant Communities to get involved

30/10 - In-person (Ashworth Labs - Lecture Theatre 3, All day)

HANDS-ON TRAINING SESSION

Introduction to ARCHER2 – Part 1

06/11 - In-person (Ashworth Labs - Lecture Theatre 3, All day)

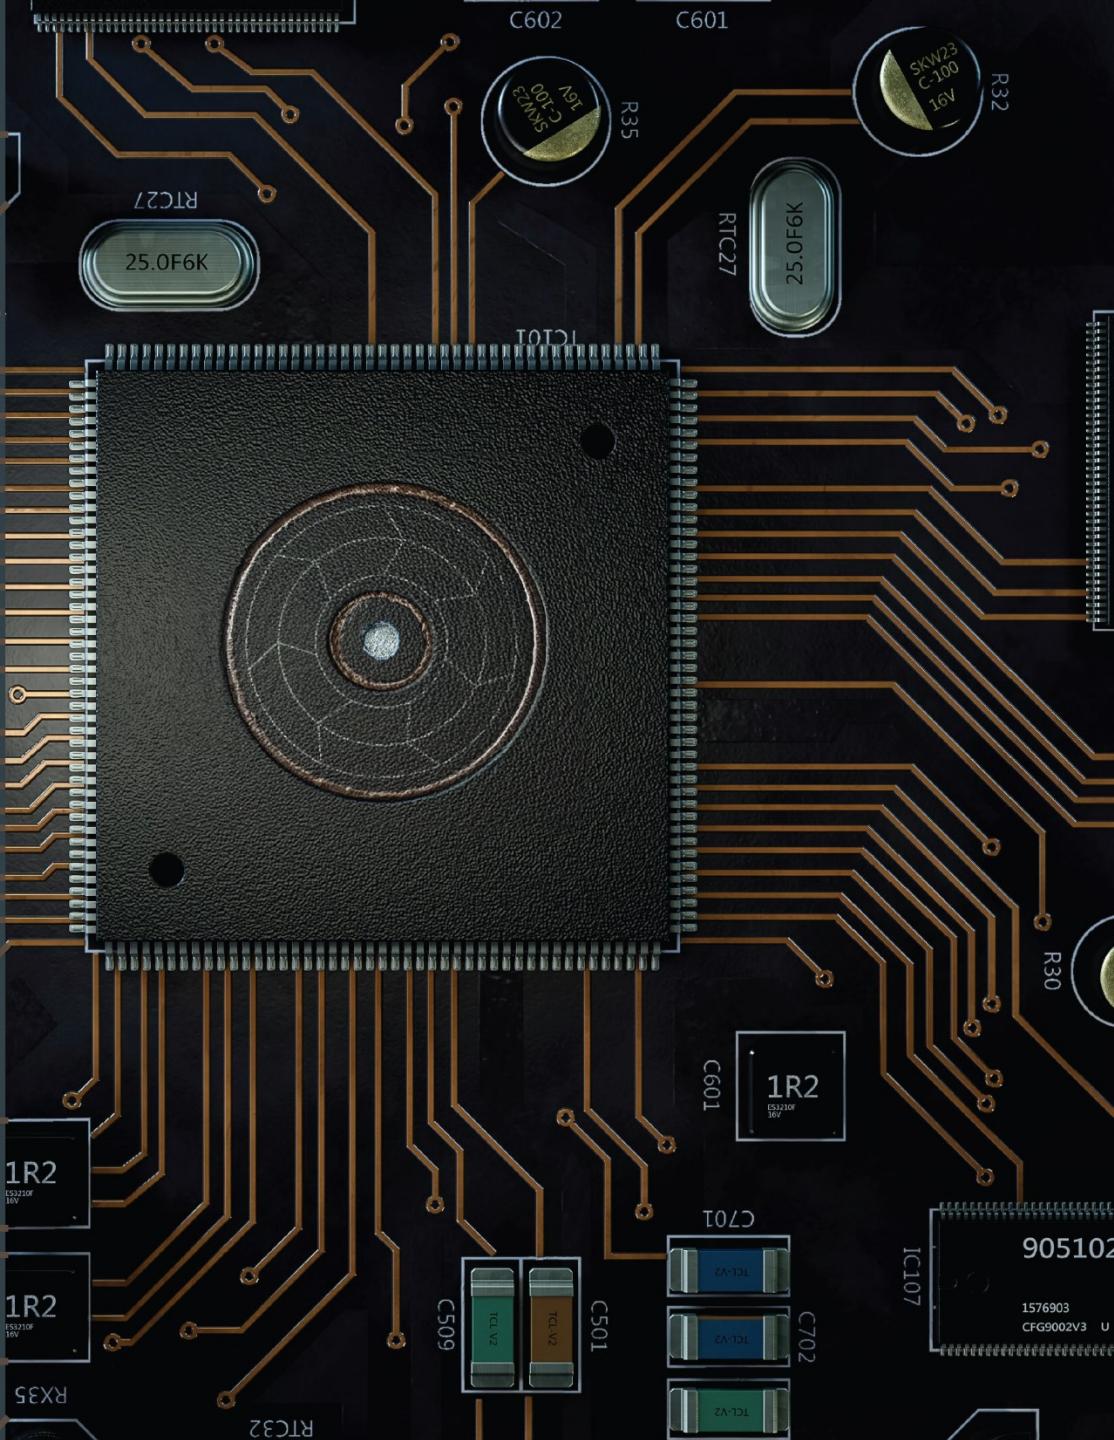

HANDS-ON TRAINING SESSION

Introduction to ARCHER2 – Part 2

14/11 - In-person (JCMB 6301 - 10:00 to 16:00)

HANDS-ON TRAINING SESSION

How to work on Eddie

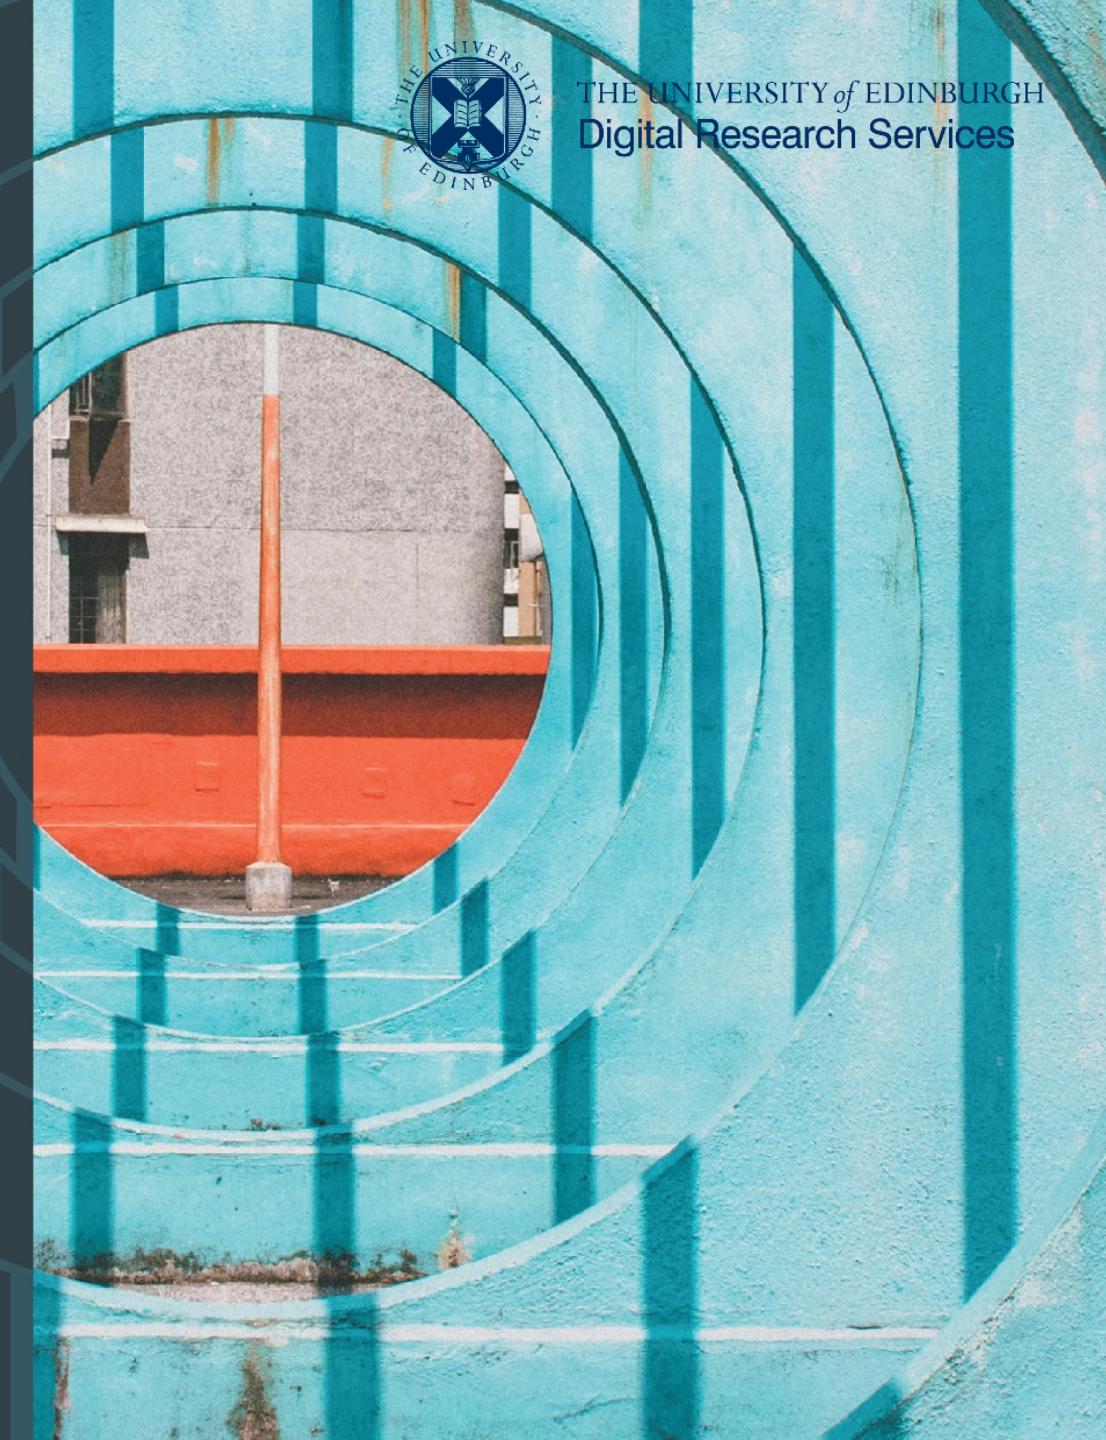

Spotlight On: Research Planning

Join our online seminar series, where we will tackle planning and designing your research project.

- Copyright Essentials: Understand key copyright issues.
- Data and Computation Planning: Estimate data and computing needs accurately.
- Research Websites: Decide if your project needs a website.
- Research Data: Learn about data as research outputs and management plans.

Each session includes expert presentations and a Q&A session to help you move forward with confidence.

THE UNIVERSITY of EDINBURGH
Digital Research Services

THEMES & SESSIONS INCLUDE:

- AI and future directions of Digital Research
- Sensitive Research Data
- Digital Research Planning
- Digital Research Careers
- Digital Research Skills
- Digital Research Communities
- Information Security and Data Protection
- ...and many more
